Crime Prevention Starts with Your Attention

March 29, 2019

Volume 6, Edition 13 – 1913

CRIME PREVENTION TIP:

The crime prevention tip of the week is how to stay safe in your park. While you are at any park be mindful of your surroundings, take in everything that is around you, and try not to look lost, confused, or shy. These are characteristics that aggressors look for and prey upon. Avoid areas of a park that are dark, or have barriers that someone can hide behind. Criminals will hide in these areas in order to surprise their target. If you bring your kids to the park, make sure they stay within a certain area so you can keep your eye on them. Criminals will target children that have wandered off and are alone. If you ever feel that you need to call 911 be sure that your phone is readily accessible to make the call promptly. With these tips you are better equipped to have a fun day at the park
