Crime Prevention Starts with Your Attention!

May 16th, 2019 Volume 6, Edition 20 – 1920

CRIME PREVENTION TIP:

The City of Temple Terrace has the luxury of being nestled up next to the Hillsborough River, which makes us a popular location for boaters, anglers, and paddlers. Spring is here and as long as it's not raining, we all have the opportunity to enjoy the river! So here are a few crime prevention tips while you're on the water and when you leave your boat at your dock. First of all, whenever you leave your boat at your personal dock at your residence, take your keys into the house. Someone traveling down the river might see them in the ignition and find it a mighty fine opportunity to commandeer your vessel. Also make sure to bring in your valuable fishing gear, coolers, or bring in your kayaks and canoes out of the water. Having these items in plain sight are opportunities for criminals to take your items. As with all outings, make sure a family member or friend knows that you will be on the water that day for your safety, and be sure to let them know you're safe after you are finished with your river adventure. For your safety on the water always bring a life jacket, a light source, and a noise producing device in case you ever have an emergency on the water. If operating a vessel with a motor, have your registration and license in an accessible place if stopped by law enforcement. With these tips you can better enjoy a day out on the water and keep your property safe.
