Crime Prevention Starts with Your Attention!

April 3rd, 2020 Volume 6, Edition 10 – 2010

Crime Prevention Tip

Here are some tips to prevent your vehicle from being stolen. Keep your vehicle locked at all times, even while driving. Never leave your keys in the car while parked, close all windows and the sunroof if you have one. Never leave your vehicle running unattended. Leave your registration hidden and not in the glove box, too often do car thief's get pulled over and are able to get away because they were able to produce a registration. Know where you are going, avoid high crime areas. One option is to install an anti-theft system in your vehicle, thieves are reluctant to steal vehicles that can be recovered quickly and many insurers offer discounts for certain systems. Thieves work in the dark, be especially cautious at Night Park in a well-lit area! Be aware of your surroundings in parking lots, garages, and gas stations. If you find it appropriate, etch your vehicle's VIN into the corner of each window, thieves will not want to spend time or money into replacing the windows. If you're confronted by a carjacker, do not resist. Cars can be replaced; you can't! With these tips you can help ensure your vehicle is secure!
