Crime Prevention Starts with Your Attention!

May 4th, 2020 Volume 6, Edition 12 – 2012

Crime Prevention Tip

Here are some helpful tips to prevent auto burglaries. The most effective way to prevent an auto burglary is to lock your car doors! In addition, we recommend that you also remove all valuables when you leave your vehicle. If you do have to leave your valuables in your vehicle, place them in the trunk and lock your car doors! If you don't lock the vehicle doors and have valuables in the trunk, the burglar then has an opportunity to open your trunk and take the valuables you've placed in there! Please make sure when you go out, that you park in a well-lit and frequently traveled area. The thought that a burglar will be seen will deter them from attempting the crime. It's all about crime of opportunity, if they think they won't be caught, they'll feel free to burglarize as they please. For more tips and info check out our past newsletters on the City of Temple Terrace website or give the give crime prevention unit a call with the phone number at the bottom of the page. Thank you and enjoy your week!
