Dear Temple Terrace residents and visitors to our Amazing City:

Frank Chillura, Mayor  
 City of Temple Terrace

Happy spring, everyone! This year is shaping up as an exciting, and important, one for our community. We are starting to see some positive moves not only in our redevelopment area, but also in the overall economic development of this region.

Perhaps you have heard: The city has been invited to be a pivotal partner in the Tampa Innovation Alliance. This new economic development district includes the University of South Florida, Busch Gardens, Moffitt Cancer Center, Florida Hospital and University Mall.

Millions of dollars are going to be spent in this area in the coming years to create an economic superstructure. Because our redevelopment area is already established, we are uniquely positioned to become an urban hub and gateway into this dynamic district. This partnership is going to benefit businesses and residents alike as we become the "gateway to innovation."

Summer isn't far away, and as always, we have plenty of fun events coming up in the city. Our first-ever Farm Night BBQ in February was a huge success, drawing hundreds of people and raising thousands of dollars for our recreation programs. We think this could grow into one of the community's premier annual events.

Upcoming events include Relay for Life (April 1), Summer Expo (April 16), Art en Blanc (April 16), Children's Tea with Mom (May 7), Craft Brew Fest (May 7), Cyclovia (May 22), Fit Fair (June 11) and the Fourth of July Parade (July 4).

Please come out and enjoy everything our city has to offer.

Sincerely,

*Frank Chillura*

# TAMPA INNOVATION ALLIANCE

Many of you have been hearing about the Tampa Innovation Alliance but aren't quite sure what it is, how it functions or how it is relevant to the City of Temple Terrace.

The Tampa Innovation Alliance is a multi-jurisdictional district anchored by globally-recognized institutions that drive economic activity in the area. Some of these include the University of South Florida, Busch Gardens, Moffitt Cancer Center, Florida Hospital, and RD Management (University Mall). These institutions engage tens of thousands of students and educators, healthcare workers and patients, and welcome four million tourists annually. The Alliance's mission is "to build a place where people want to live, work and play. Our focus is on transforming, enriching and connecting our Alliance area. And our vision is to transform this transient area into a destination, rather than just a thoroughfare to the university, entertainment venues or hospitals. While our cross-sector anchor institutions provide economic and social structure, we recognize that the community's essence and identity are defined by the people who live here."

With institutional support, the Alliance is poised to engage the business community and the residents within the alliance area to advance revitalization and improve the quality of life. The goal is to build a collaborative, engaged community recognized as an innovation destination. The Alliance will be doing this through an inclusive effort drawing from the creative minds of the community.

Geographically, the Tampa Innovation Alliance comprises 25,000 acres in the northern part of Tampa: bounded by Busch Boulevard/Bullard Parkway on the south, Bearss Avenue on the north, and Interstates 75 and 275 to the east and west. It includes parts of Tampa, Temple Terrace and unincorporated Hillsborough County.

As a member of the Alliance, Temple Terrace is actively involved with the organization's efforts, working closely with our partners to ensure that Temple Terrace's goals and objectives are achieved as well as those of the Alliance. To that end, the Alliance will be creating a new master plan for projects including economic development, branding, infrastructure and more. Temple Terrace will participate in this planning effort seeking ways to ensure the City is a cornerstone of these investments. The Alliance dovetails perfectly with Temple Terrace's vision as set forth in the 2014 strategic plan "Your City. Our Future. A Community Driven Plan." This document outlines our plan to serve our community with excellence while remaining committed to successful economic development.

## THE ALLIANCE'S MISSION DOVETAILS IDEALLY WITH TEMPLE TERRACE'S VISION FOR THE FUTURE.

Even now, many of our residents and businesses work and do business within the Alliance area. A spirit of cooperation and collaboration are key to realizing the visions of both the Alliance and Temple Terrace. Alliance members help support Temple Terrace's community events, while bringing world class education, entertainment, jobs, research and medical care to our community. Undeniably, our economic future is tied directly to the Alliance's success. We look forward to a long and mutually successful relationship with our partners in the Tampa Innovation Alliance.
